

Opening of School Library

Monday 26 April the St. Joseph's school library was declared open by Mrs Titus.

The school librarians, proudly wearing their librarian badges, gave a guided tour of the library and spoke about the organisation and systems in place.

Tahvil (4G) spoke about the stage area where pupils will be able to give performances and speeches and the different seating areas for the children around the library.

Sara (3S) and Peter (6H) spoke about the Reading Cloud library system and how it can be used to share reading experiences and to borrow and return books.

The library has a wide range of both fiction and non-fiction books which will be enjoyed by all the pupils from Reception to Year 6.

There is also a range of books linking to areas within the curriculum which will support learning and widen pupils' knowledge.
