Dog Man MOTHERING HEIGHTS

Dav Pilkey

What is the story about?

This story is about a big orange cat who goes to jail and his name is called Petey but this cat called L'il Petey changed Petey's life and made good choices all because of L'il Petey. The story is also about how chief expressed his feelings for Nurse Lady. Chief explained that Nurse Lady was the love of his life.

My Thoughts About The Story

I thought that the story was very interesting and very exciting to read. I recommend this book to people who like to read comics and a very simple but exciting books. Lil Petey was one of my favourite characters because of the funny things he said in the book. I also liked Dog Man because of the facial expressions that he did to express his feelings. I also recommend this book if you like flip-o-ramas. A flip-o-rama is two pages which you flip very fast to look like it is happening in real time. Dav Pilkey also wrote 6 other books of Dog Man. He also wrote the series Captain Underpants. Again I recommend this book if you like simple but exciting books. I really like this book. So I recommend buying this book.
