Go Well Anna Hibiscus!

Atinuke

This story is about a girl called Anna Hibiscus. This book is written by Atinuke. Anna Hibiscus lives with her family like her mother, father, grandmother, grandfather and her aunties and uncles, her many, many cousins and her two brothers- Double and Trouble. Everyone packed up their things and got into the car but because the car was so small Anna and Joy couldn't sit down. Then their grandmother had a wonderful idea. She said that they should go on a bus and they would follow them. Then they arrived at Warra village. After that, she saw her grandparents and she walked so slowly because she and Joy put their things on their head to carry them. Next, she felt that the house was so quiet that she got up and went looking for Joy, grandmother, grandfather, Clarity and Common Sense. When she looked outside she saw them shaking baskets and throwing the small petals.
