Photograph/Digital Image Permission

At St Joseph's Roman Catholic Primary School we take the issue of child safety very seriously and this includes the use of images of pupils. Images of pupils in school publications and on the school website can be motivating for the pupils involved and provide a good opportunity to promote the work of the school. However, schools have a duty of care towards pupils, which means that pupils must remain unidentifiable, reducing the risk of inappropriate contact if images are used in this way.

Occasionally, we may take photographs of the pupils at our school. We may use these images in our school prospectus or in other printed publications that we produce. We also use photographs and video footage of our children to support assessments and staff training.

Teachers use video to show pupil achievements, school productions and curriculum based activities, which we can all share on our secure network in school. We may also wish to use images of your child on our school website.

From time to time, our school may be visited by the media who will take photographs or film footage of a visiting dignitary and also when pupils are taking part in events such as the choir. These images may appear in local newspapers.

Please consider all of the above, and then complete and return the consent form below to school as soon as possible.

I consent to photographs and digital images of the child named below, appearing in St Joseph's Roman Catholic Primary School printed publications, on the school website or in the other ways mentioned above. I understand that the images will be used only for educational purposes and that the identity of my child will be protected. I also acknowledge that the images may also be used in and distributed by other media, such as CD-ROM, as part of the promotional activities of the school.
