

Early Years SEND Coffee Morning

7 November 2025

At St Joseph's, the SEND team are committed to supporting children and their families. This academic year we are working very closely with Brent's Educational Psychology service and the school has been allocated the professional support of Dr Roza Muzyka.

Dr Roza attended our Coffee morning to speak with Nursery parents together with our SENCO Mrs Forde.

The morning focused on:

- Developing Independence
- Strategies to promote Self -help skills
- Various ideas to encourage toilet training
