UW: Leaf printing

This week the children took part in some leaf printing. They had to choose the leaf, then look at it and say what they could see on it e.g.: the colour and how it feels. Next they choose some paint, painted the leaf and pressed it on to the paper. The children really enjoyed this activity and their lovely work will go up on display on the creative board.

- Please **continue to** read stories to your child every night.
- By reading daily and looking at books this will help and support your child's love for stories/books and help develop their imagination.
- **Can you please support your child in taking off and putting on their coat?**
- Allow your child time to have a go themselves and if they are struggling, give them the support they need.

Topic: Bears

This term our topic is all around bears. The children will look at and listen to a variety of stories about bears.

The main stories that we will focus on are 'Brown Bear, brown bear, what do you see?' By Bill Martin jr

'We're going on a bear hunt' by Michael Rosen

Something to do at home:

Please remember to download the Google classroom app and use your child's details to log in and activate their account.

Thank you!

Please return your child's book bag each Wednesday.
