

St. Joseph's Roman Catholic Primary School

Home Learning information for parents:

Class: Mrs Murphy (NM)

13/03/2026

Thank you to the parents who sent in some small boxes etc for junk modelling for our creative area. The children are starting to get more creative and are using some of the resources that you have sent in.

Something to do at home: Does your child have a favourite book? If they do, can you send the book in with your child and during the week we will read their special story to the class. Please make sure you have put your child's name on their book. After we have read the story your child make take their book home and bring in another one of their favourite stories.

Phonics:

This week's sound is "u": up, under, umbrella, upset...

"And... Down and under up to the top and draw the puddle,"

[www](#)

Maths: Animal Patterns

This week the children are looking at patterns in animals.

First, they had to use the cubes to make the animal patterns. Next, they had a go at drawing the animal pattern using the correct colours to represent the animal e.g: orange and black for a tiger, black and white for a zebra and yellow and brown for a giraffe.

Religious Education:

Desert to Garden

Palm Sunday

This week the children took part in some role-play. They dressed up and waved some leaves to celebrate Palm Sunday.

The people praised Jesus by saying 'Halleluiah' and 'Hosanna' as he rode the donkey through the streets.

The children joined in by saying 'Alleluia' and 'Hosanna'

Please return the book bag on Wednesday
Remember to check Google Classroom for updates and work.
