

St. Joseph's Roman Catholic Primary School

Home Learning information for parents

Class: Mrs Murphy

24/04/2026

Dear parent:

Something to do at home

Does your child have a favourite story book?

If they do you, can you please send the book in with your child and during the week we will read their special story to the class.

RE: TO the Ends of the Earth

After the Disciples received the Holy Spirit they were very upset and missed their friend Jesus. For a while they stayed and lived together. The children learnt how the Disciples helped each other by staying together, prayed and shared everything they had and were very happy and full of love. More and more people wanted to join them and become part of the first Christian community. The children used the wooden blocks to build rows and rows of houses that form part of a community.

CL/UW/EAD: Pirates role play

Our topic this term is 'Pirates'. This week the children had fun dressing up and pretending to be pirates. They built a ship out of the wooden blocks and sat inside it, sang some pirate songs and did the actions. After that they walked the long plank.

Phonics:

This week's sound is 'e'

"egg, elephant, envelope, elbow"

We learnt how to write the new sound.

"And lift off the top and scoop out the egg"

www.ruthmiskin.com

Please return the book bag each Wednesday.

Remember to check Google classroom each week for work and updates.
