RE: Dialogue and Encounter

For our new topic the children will learn about two very important friends of Jesus. They will come to understand why they were such good friends to him. The children will listen to some facts about Saint Peter and Saint Paul and understand what made them such good friends to Jesus.

Something to do at home: Can you help your child to make a musical instrument for nursery? Our outside area is very quiet and we would like some instruments so that the children can play and sing along with them. Make sure they are strong as a lot of children will play with them. Thank you.

Phonics:

This week's sound is "r": robot, red, rat, roast...

We learnt how to form the new sound r:

"And... Down his back, then curl over his arm".

CL/EAD/M/P: The Very Hungry Caterpillar

For the next two weeks our focus story will be all about 'The Very Hungry Caterpillar'. The children will listen to the story, make and design caterpillars and props for the window display.

They will use a programme called **Busy Things** to design and decorate their caterpillars and butterflies. The children will also look at repeating patterns and symmetrical butterflies.

Google Classroom and Tapestry

Can you please come and see me if you have not activated your child's Google classroom or Tapestry's account.

Books from home: Can you please send in your child's favourite story from home? We will read the stories to the children during the day and at the end of the week they can take them home.

Please return the book bag each Wednesday.
Remember to check Google classroom for updates and work.
